

7 INCH HD DISPLAY Quick Start

1、 Product introduction

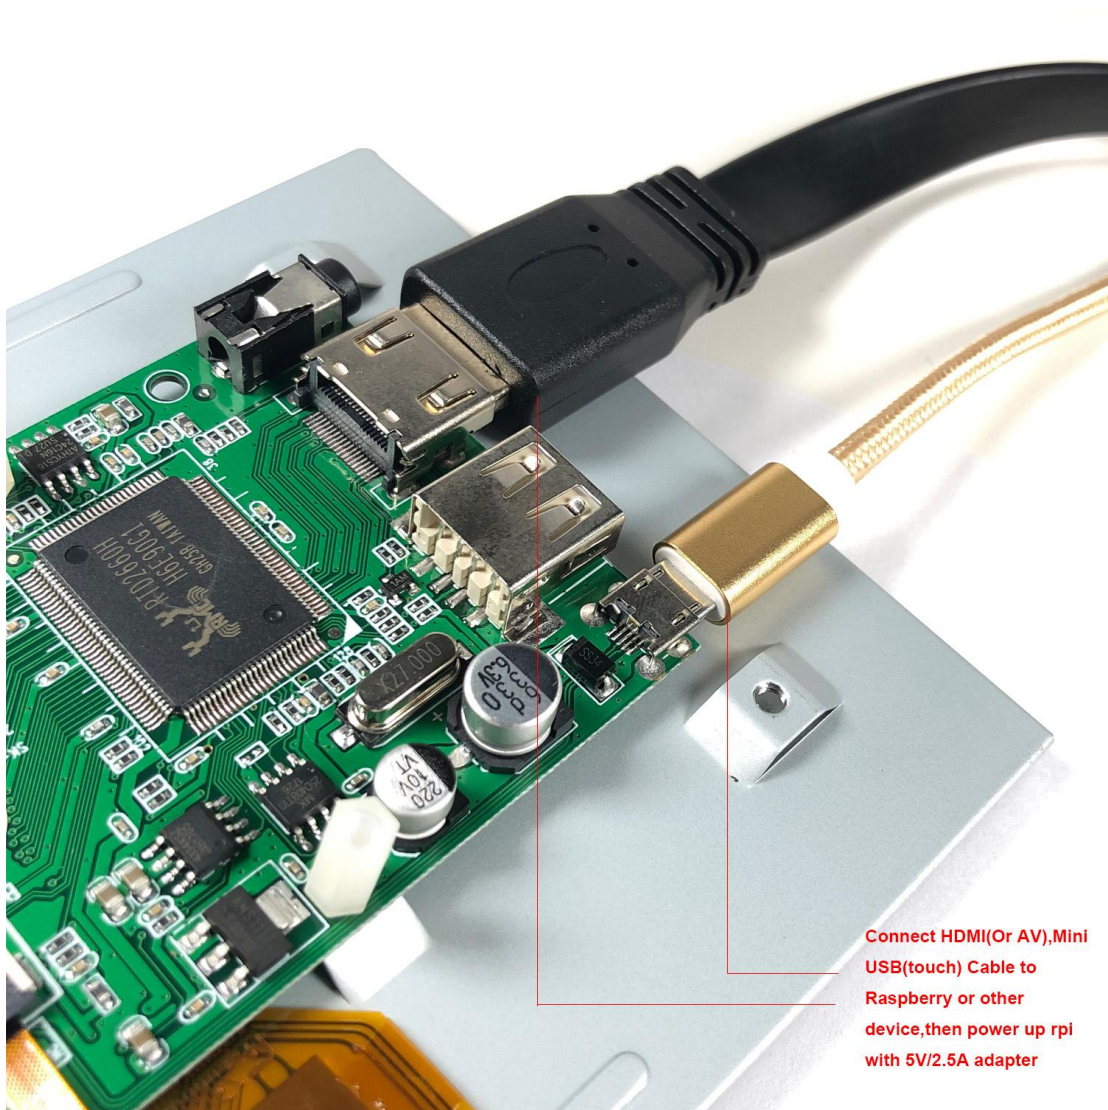

- Simple fashion design, support multiple installation mode, 7 inch high brightness liquid crystal display, 800 *480 or 1024* 600 resolution
- The structure of the universal original product and the **increase of audio and video input** (the exclusive patented product has this function)
- High sensitivity USB free drive CTP capacitive screen
- Support all PI with HDMI input interface
- **Support the left and right channel loudspeaker output**
- Support 12V power supply and mobile power supply (USB 5V2A) power supply

2、 Specifications

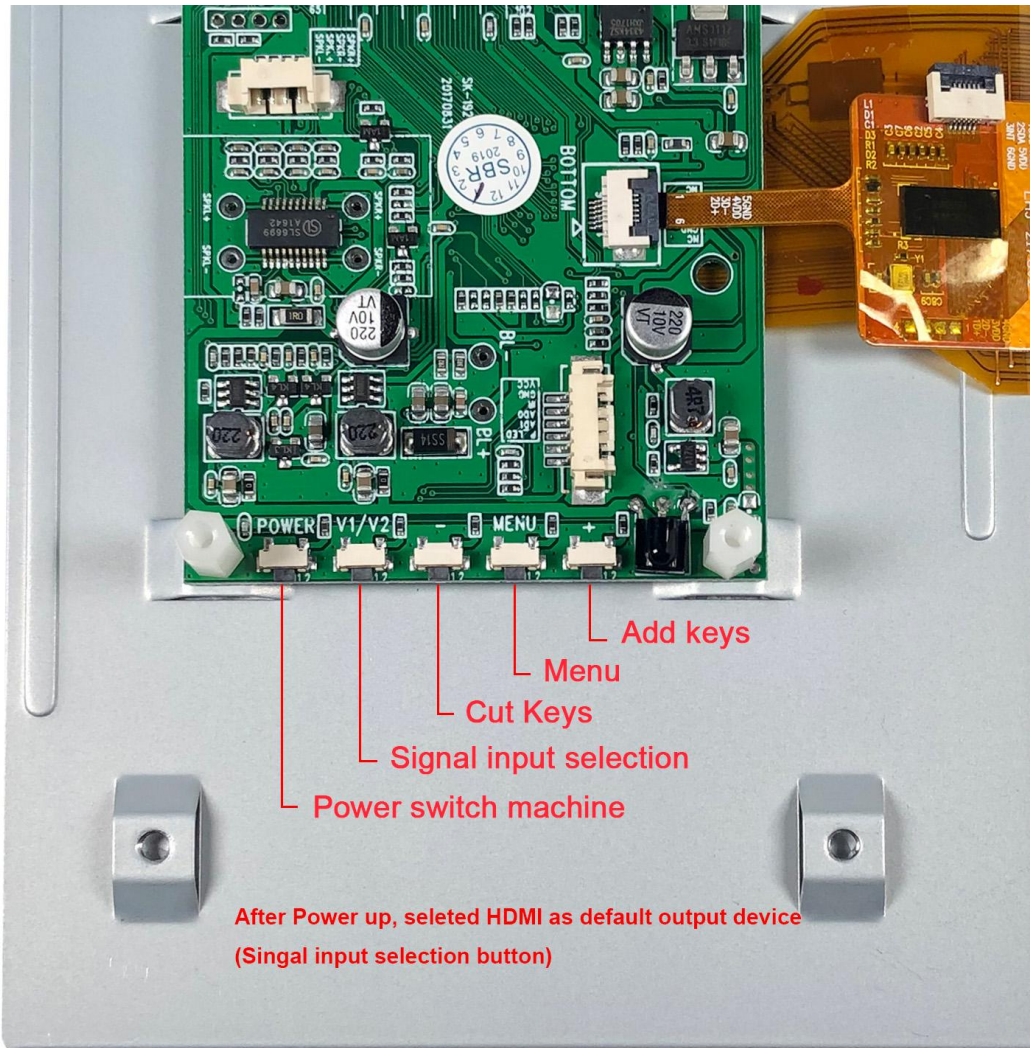

- Screen size 屏幕尺寸: 7inch 16:9
- Resolving power 分辨率: 800(H)*480(V) Or 1024(H) *600
- visible area 可视区域 : 154.8(W)*85.92(H)mm
- viewing angle 可视角度: 130° (H)*115° (V)
- brightness 亮度: 400cd/m2
- contrast ratio 对比度: 500:1
- response time 响应时间: 12ms
- Audio and video input 音视频输入: IVp-Pcvbs
- HD input HD 输入: 640 x 350 - 1920 x 1200 Suppor PAL、 NTSC
- speaker out 扬声器输出: 2W8Q
- working temperature 工作温度: 0~40°C

3、 Hardware Connect

3.1 Connect HDMI or AV, Connect usb

3.2 Select input method by press(Signal Input selection)

3.3 loudspeaker Function

Add loudspeaker by connect them to the cable we provide.
